Introduction

The EJTN has developed in 2015 for the first time a detailed calendar of activities composed of tables ordering the seminars by dates, topics and venue, plus a one-page description of each activity, as well as useful annexes referring to the deadlines for application and allocation of places where applicable.

Following the success and usefulness of the 2015 calendar, we have continued to implement this tool in 2016 and we are now presenting the **2017 calendar of activities which contains 81 activities** to be developed in 2017 in the fields of Administrative, Civil and Criminal Law, Human and Fundamental Rights, Linguistics, Judicial Training Methods, THEMIS and Catalogue plus.

Catalogue activities and Judicial Exchanges, including study visits, are not covered by this calendar and will be addressed separately, following a procedure identical to that of previous years.

The Calendar of Activities has been designed to answer two main concerns expressed by the training institutions: the need to receive all relevant information regarding EJTN trainings before the start of their implementation year, and the need to decrease the number of emails received from the Secretariat.

As a consequence, the Calendar of Activities will replace the individual Calls for Application previously sent a few months in advance of each seminar. Only one monthly reminder listing the approaching deadlines for application will be sent at the beginning of each month, together with information highlighting any updates made to the calendar. In this Calendar, training institutions will find all the information required to select participants to each EJTN activity. In addition, a table listing all application deadlines for the year 2016 is available in Annex I.

Description

The added value of the two day-long seminar consist of delivering in-depth insights on highly specialized topics pertaining to diversified aspects of European Employment Law (EU directives, practice of the ECJ, cross-border aspects). Expert speakers will be called to expand upon such aspects as jurisdiction, applicable law, EU instruments, recognition and enforcement of decisions and cooperation in matters relating to the subjects of the training. In order to combine the theoretical approach with a more concrete one, workshop sessions will also be organised in order to provide a widened knowledge on EU legislation and case-law and facilitate the exchange of best practices.

For the activities only opened to some Member institutions (Criminal Justice seminars on EAWs and MLAs simulations/ Cross-border evidence in Practice and Procedural safeguards in Criminal Proceedings in the EU in Practice, Catalogue + and JTM activities), participating institutions have been pre-assigned to each seminar. This information is reflected in the relevant activity pages of the calendar. This notwithstanding, in order to facilitate the identification of the relevant seminars by the assigned training institution, tables of Criminal Justice activities listed above, Catalogue + and JTM activities ordered by participating institution are available in Annexes II, III and IV respectively. All other activities are opened to all Members.

The priority list of selected participants, as well as the reserve list, must contain the following information:

Priority	Applicant First Name	Applicant LAST NAME	Function (Judge- Prosecutor- other)	Applicant Email	Name of Court/ Prosecution Office/ Jurisdiction	Professional Address	Telephone	Member State	Language (for Linguistics seminars only)
----------	-------------------------	------------------------	--	--------------------	---	-------------------------	-----------	-----------------	--

In light of the risk of cancellations and vacancy openings, we strongly urge members to provide EJTN with reserve lists of candidates.

Institutions sending several lists at the same time should clearly identify the seminar each list refers to.

This calendar is available in electronic format on the EJTN's website at <http://www.ejtn.eu/Catalogue/EJTNS-searchable-database/>

In addition, each activity page in the calendar comes with a link to the specific webpage of the corresponding training on the EJTN's website. Relevant documentation such as training materials, administrative documents and practical information will be available on the training's webpage and updated on a regular basis before the seminar.

For any information and/or comment related to this calendar, do not hesitate to contact the EJTN's Secretariat – Mrs. Carmen DOMUTA carmen.domuta.domuta@ejtn.eu
